

Destin Water Users

# Census 2010:

## Benefits?

- ~ Saves \$90M in enumeration cost w/each 1% in mailed in returns
- ~ Correct City of Destin demographic data – allows for proper business planning
- ~ Provides opportunity to qualify for fed/state funds – up to \$400B!
- ~ Assists in municipal/school planning (Title 1 Educational Funds)
- ~ Helps federal government as well as private sector determine where jobs and programs are needed

## How will Destin’s Census Count be Conducted?

As a coastal resort community our count is conducted a little different from what you may have heard.

- ~ Forms will be hand delivered by U.S. Census Employees versus mailed to our homes. Forms will be delivered between 22 March and 29 May 2010.
- ~ Residents, if at home at delivery time, will be able to ask questions of these delivery personnel known as Update Enumerators. If you are not at home, the forms will be left in door hangers on your front doors.
- ~ Complete and mail the forms back as soon as you can in the return envelopes provided as part of your Census Form.

## Safe

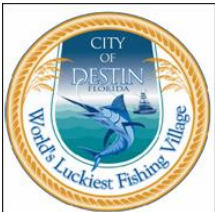

- ~ All delivery personnel are employees of the Census Bureau.
- ~ All have passed FBI background tests
- ~ Release of personal data is forbidden by federal law: (heavy monetary fines and jail time for failure to obey the law).

## Quick

10 questions should take 10 minutes to complete

## Easy

Fill out the form and mail them back in the provided return envelope
